

KPPM's Building Productive Teams

For the Ag Excellence Alliance

Be specific about what you want to achieve!

'Obstacles are those frightening things you see when you take your eyes off your goals'

- 🌱 Do you work towards a common purpose?
- 🌱 Are you clear on the aims?
- 🌱 Do you identify the risk?
- 🌱 Do you ignite and celebrate your success?

Groups hang out and Teams get things done.... What makes your team tick, what culture and behaviours do you expect?

'Plan to plan' make the time and discuss the following 6 easy steps to creating a more productive team culture:

1. Set the goals to be achieved
2. Name the good and bad behaviours
3. Decide how the team will reinforce these
4. Set and delegate tasks
5. Measure your outcomes
6. Set review points
and
stick to them!
