

Group Grant Application

Ag Excellence Alliance Vision

To increase the viability of group members through providing leadership and effective linkages between SA production groups and key stakeholders.

Objectives

To build the strength and sustainability of groups and industry.

To add value to grower groups through co-ordination and support.

To encourage integration of natural resource management with production.

To influence key stakeholders to better address industry issues.

Grant Aims: To assist sharing of information, experience and resources across groups and regions. In 2007 Ag Ex is placing greater emphasis on increasing interaction between NRM, Grower Groups and Young Growers. Where applicable please encourage the involvement of other groups, NRM, young growers and partners in activities supported by Ag Ex.

Grant application to be completed in "Microsoft Word" if lodged electronically

A brief report is required within one month of activities.

Applications to be less than two pages. Please adapt the format below to suit.
